DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office Action has been withdrawn pursuant to 37 CFR 1.114.

Applicant's submission, filed on 10/21/04, has been entered.

Applicant's amendment, filed 10/21/04, has been entered.

Claims 1-16 and 27-30 have been cancelled.

Claims 19-20 have been amended.

Claims 17-26 and 31-36 are pending and being acted upon presently.

REASONS FOR ALLOWANCE

3. The following is an Examiner's Statement of Reasons for Allowance:

Upon reconsideration, the previous rejection under 35 USC 112, first paragraph, enablement has been withdrawn.

As indicated previously, the instant claims drawn to in vitro methods and hematopoietic cell expansion media which rely upon the flt3 ligand appear to be free of the prior art. Accordingly, the pending claims are deemed allowable.

Claims 17-26 and 29-36 stand provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-7, 9 and 10 of copending USSN 08/399,404.

Given that a provisional double patenting rejection over copending USSN 08/399,404 would be the only rejection remaining in this application; such a provisional obvious double patenting is withdrawn to permit this application to issue.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
